

MINDY ACKERMAN

INDUSTRIAL SPECIALIST

Mindy Ackerman is an Industrial Specialist with Commerce Real Estate Solutions, a Cushman & Wakefield Alliance member where she specializes in industrial and flex-space properties, representing not only tenants and landlords but buyers and sellers as well.

Mindy began her career as an office manager and sales associate, which gave her a solid foundation in business transactions, and client services. Ultimately, Mindy's interest was in representing clients in their commercial real estate decisions. She made the move and began working at CB Richard Ellis as a Team Manager/Marketing Specialist for one of the top producing industrial teams in the market. Quickly learning the industry, Mindy transitioned to the brokerage side as an independent agent, working closely with clients, assisting them to achieve their real estate goals.

With nearly 10 years of commercial real estate experience, Mindy has developed a base of clients ranging from national companies to local start-up companies. Since 2008, Mindy has been involved in over 120 transactions, totaling 11 million square feet. Mindy's experience, knowledge and professionalism have given her the opportunity to work with some of the following clients, to name a few:

Represented Tenants/Buyers

Honeywell
Paradise Bakery
ProTech Coatings
Elite Cleanroom
Choice Foods
Feller's

Represented Landlords/Owners

The Kol Company
Principle Equity Properties
HR Property Group
Titan Real Estate Group
BH Properties
G&S Properties

As Utah moves more and more into the national spotlight, Mindy finds opportunity in watching Utah's economy grow, and enjoys sharing Salt Lake County market knowledge. As a result, regionally and nationally, Mindy has become the "go-to" for referral business. She has recently assisted companies from California, Colorado, and Illinois expand into the Utah market.

Mindy's involvement in the business community and commercial real estate organizations, such as Commercial Real Estate Women (CREW), has greatly broadened her exposure in the real estate community. Her variety of experience in the industry, management, accounting, and marketing, makes her a standout. Whatever the objective may be, Mindy has the resources at hand to pull together a plan-of-action or team to reach any real estate goal.
